

Iran Petrochemical Forum 2017

Market Driven Technology Trends in the Petrochemical Industry

Dr. Christian Bruch

VCMStudy.ir

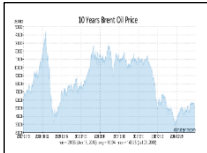

THE LINDE GROUP

Global and Local Trends impacting the Petrochemical Industry

THE LINDE GROUP

Oil Price Fluctuation

Shale Gas & Oil Boom

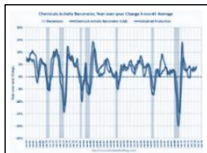

Ethane & LPG Shipping

Demand for Fuel Peaks

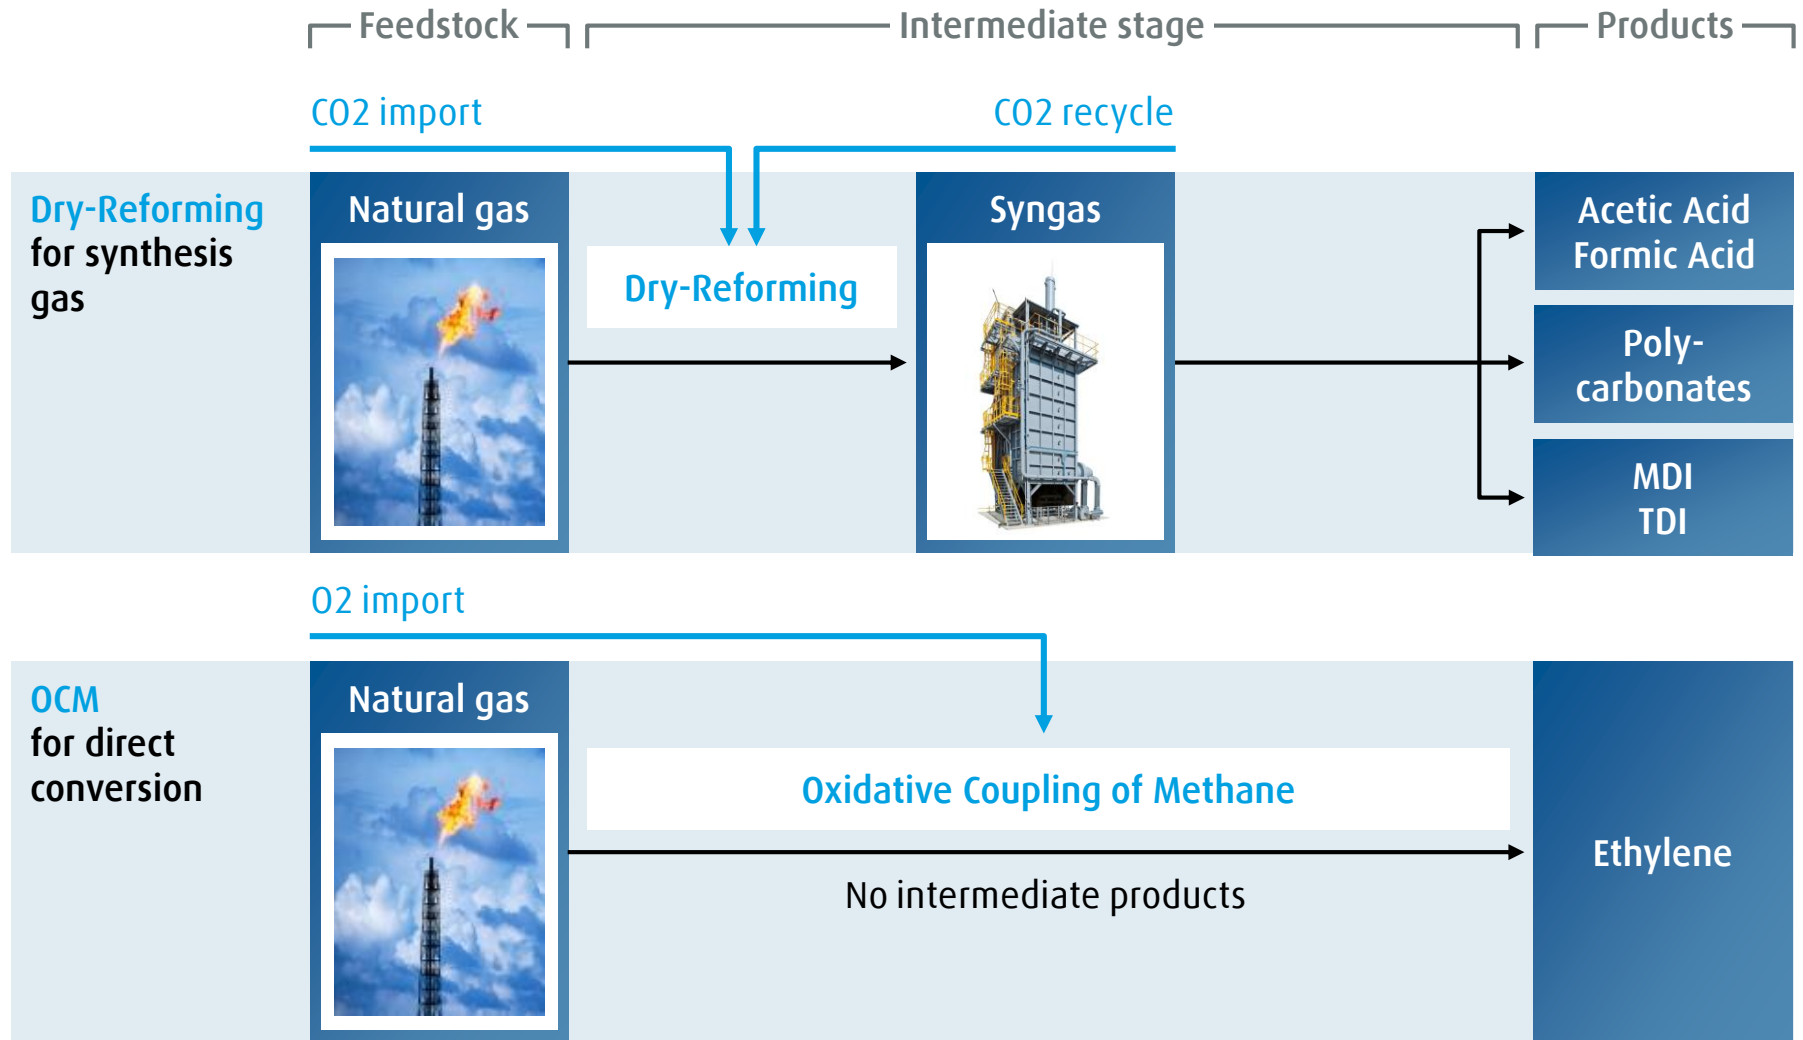

Value Chain to Specialty Chemicals

Industry Business Cycle

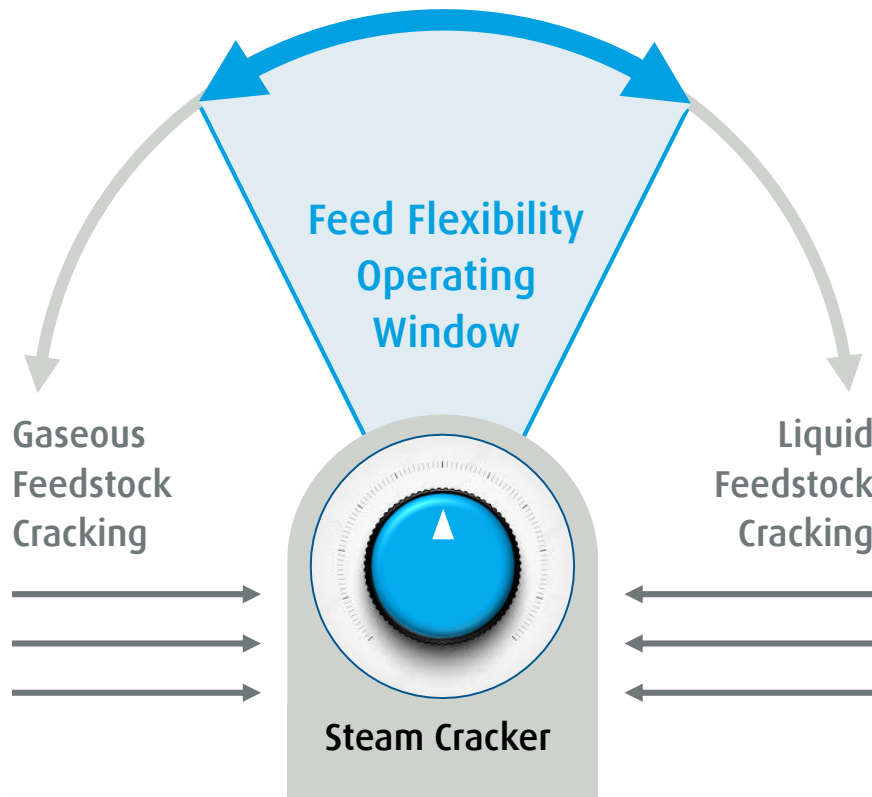

Petrochemical
Industry

Natural Gas to Chemicals – New Technologies

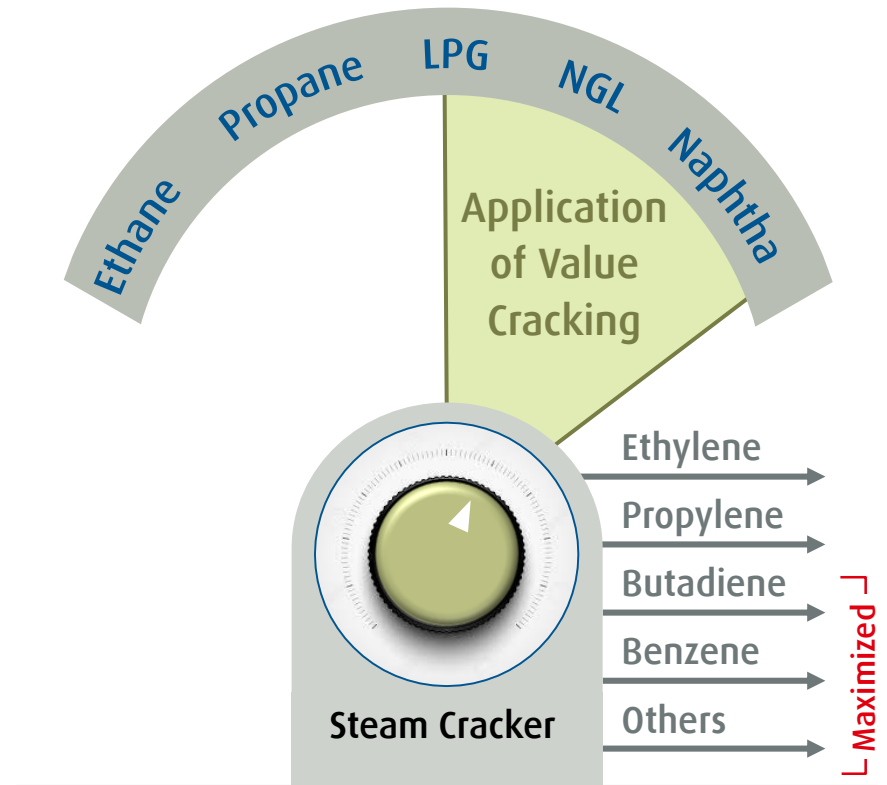

Steam Cracking Technology

Feed Flexibility and Value Cracking

Feed Flexibility

- ✓ Optimized economics
- ✓ Minimum operating cost
- ✓ Project specific design

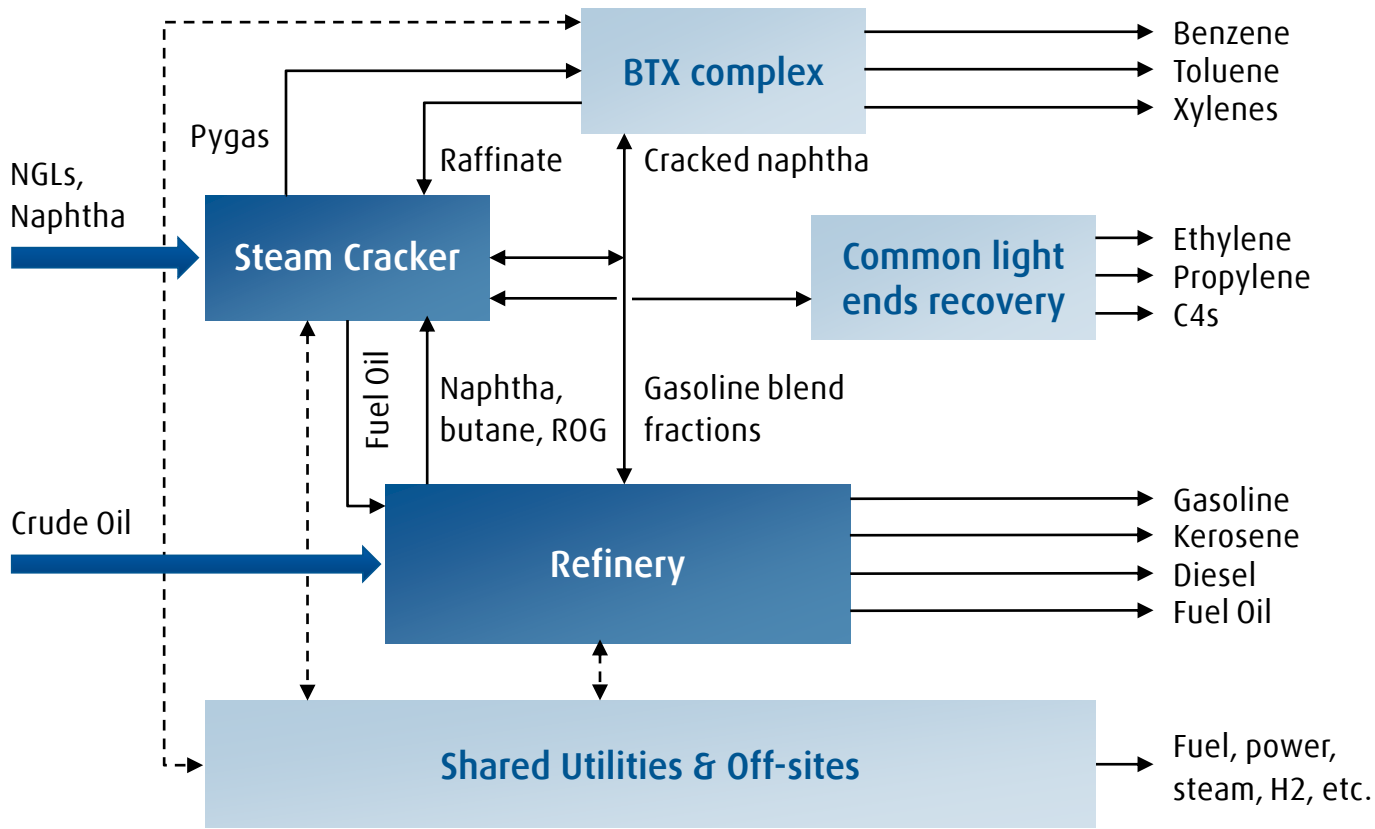

Value Cracking

- ✓ Recycle management
- ✓ Dedicated recycle furnaces
- ✓ Maximized valuable by-products

Existing Petrochemical Plants Debottlenecking & Upgrade Revamp & Modernization Measures

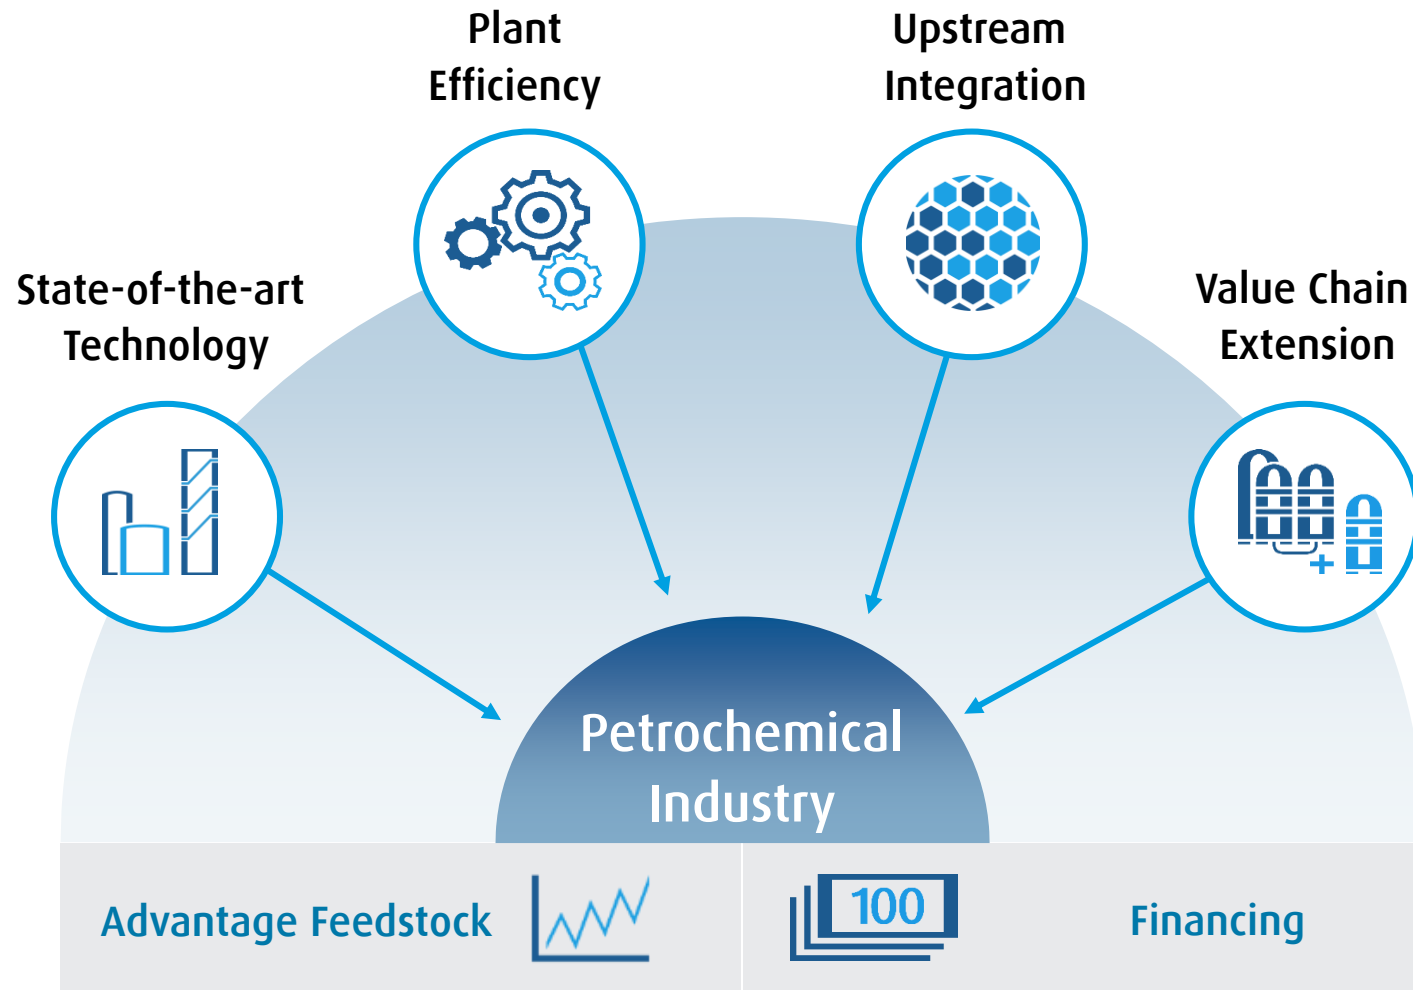

Refinery & Petrochemicals Integration Potentials

ROG: Refinery Off-Gas

Preconditions and Key Elements for Future Growth of the Petrochemical Industry in Iran

Thank you for your attention.
